

PRM04 Asset Maintenance (amendments) Version 3

The PRM04 Training Package was endorsed by the National Quality Council on 26 February 2004.

The PRM04 Asset Maintenance Training Package includes the qualifications framework and units of competency for the following sectors:

- Cleaning operations
- Carpet cleaning
- Fire protection equipment
- Fire safety systems inspection
- Pest management
- Waste management.

Several parent Training Packages of imported units of competency used in PRM04 qualifications have been updated since the release of PRM04, with resultant changes in units. To ensure that the imported units in PRM04 are the most relevant for the needs of industry and those candidates undertaking the qualifications, a process of mapping superseded units was undertaken.

As the recently commenced review of PRM04 Asset Maintenance is not due to be completed until mid 2009 (following which it will then need to go through the endorsement process), this interim upgrade to the Training Package was undertaken.

The changes to the PRM04 Training Package include:

1. Updating superseded imported core units in the following qualifications:
 - PRM20509 Certificate II in Asset Maintenance (Waste Management);
 - PRM30509 Certificate III in Asset Maintenance (Waste Management);
 - PRM40109 Certificate IV in Asset Maintenance (Cleaning Management);
 - PRM40209 Certificate IV in Asset Maintenance (Pest Management); and
 - PRM40509 Certificate IV in Asset Maintenance (Waste Management).
2. Adding two elective units in PRM20509 Certificate II in Asset Maintenance (Waste Management);
3. Adding four elective units in PRM30509 Certificate III in Asset Maintenance (Waste Management);
4. Updating Assessment Guidelines to reflect current Training Package Development Handbook requirements.

The core of each of PRM20509, PRM30509, PRM40109, PRM40209 and PRM40509 qualifications includes an imported unit(s) deemed as equivalent by the mapping guide in the parent Training Package.

Members of the National Quality Council endorsed the amendments to the

PRM04 Asset Maintenance Training Package out of session on 3 March 2009. The Ministerial delegate approved the NQC endorsement decision on 18 March 2009.

Qualification Outcomes:

PRM20509 Certificate II in Asset Maintenance (Waste Management)
PRM30509 Certificate III in Asset Maintenance (Waste Management)
PRM40109 Certificate IV in Asset Maintenance (Cleaning Management)
PRM40209 Certificate IV in Asset Maintenance (Pest Management)
PRM40509 Certificate IV in Asset Maintenance (Waste Management)
